**TEACHER
ACADEMY**

Be part of a local network and wider constellation of schools to provide ongoing professional development and broaden your staff's ability to utilise technology across the curriculum.

The Teacher Academy Programme is an initiative for schools who value staff professional development. The programme provides ongoing training opportunities for school leaders, teachers, and support staff at amazing value for money.

An annual fee of **£300**^(+VAT) provides access to over 80 events per year, the opportunity to host your own training events, access to free advice, and recognition of your investment in staff professional development.

What training can Tablet Academy provide?

Tablet Academy train an average of 12,000 teachers a year on a range of topics developed to meet individual school requirements. As such, if your school has a particular requirement, our team of teachers will develop a bespoke course for you. Current courses often include:

- Office365
- Google for Education
- iPad in the Classroom
- Using technology to improve Maths results
- Microsoft Certified Educator
- OneNote in the Classroom
- Developing Literacy through Video and Animation
- SMART Technologies
- LEGO education
- Teaching Languages and EAL
- Using technology to help SEN students
- Computing Curriculum
- Robotics and Programming
- BBC micro:bit
- Minecraft in Education: Cross curricular usage
- Subject specific courses

What the programme includes:

- **A free place at all Tablet Academy training events**
 - Average value £60 - £99 per event.
 - Between 80 - 100 events per year.
 - One free place per event (excluding free promotional gifts).
 - There is no maximum to the number of events that can be attended by your staff whilst a member of the Teacher Academy.
 - Places at training events are reserved on a first booked basis.
- **The opportunity to host up to 4 bespoke training events for your staff**
 - Maximum of 10 places for internal staff members per event.
 - School must provide reliable WiFi Network, refreshments and space for up to 20 delegates.
 - The additional 10 places will be offered to teachers from local schools for a small fee or free if they are a Teacher Academy member.
 - The host school is required to help promote the event to raise awareness and encourage attendance.
 - Member schools can request up to 4 training events per year.
- **The opportunity to host a Tablet Academy Learning Festival**
 - Free hands-on workshop events for staff and students.
 - Focussed on subjects such as STEM, Computing, Languages etc.
 - Minimum of 8 local schools are required to participate. This is based on each school sending 1 teacher and up to 5 students.
- **eNewsletters including industry news, case studies and teaching resources**
- **Certificate to display in school and a logo to include on school stationery**

How is the training kept up-to-date and relevant?

Tablet Academy works with a range of partners from the technology and education sector. As such we stay involved with the latest developments and therefore can align new solutions to classroom delivery. This results in the constant development of new courses.

How is Teacher Academy training funded?

Teacher Academy training is funded by the volume of schools who join and participate in the Teacher Academy programme, therefore spreading the training cost across all members. If your school requests a bespoke training event it helps identify a training need and by providing a venue, members help meet that demand, therefore lowering the cost for all.

How does my school benefit?

By joining the Teacher Academy programme you will have access to over 80 teacher training events per year plus the opportunity to request to host up to 4 events to meet the needs of your school.

As a result, you could cover all of your technology related training requirements for a one-off fee of £300 (+VAT) per year!

It also provides an amazing opportunity for you to build on your relationship with other local schools.

Where do I sign up?

To join the Teacher Academy, email info@tablet-academy.com and request an enrolment form. Once you return the enrolment form an invoice will be sent via email to your nominated contact.

Your membership will be active for 12 months from the date of invoice. Prior to the end of your membership, Tablet Academy will contact your school to discuss renewal options.
